Dear Mrs Manley;

I hope you will forgive my tardiness in writing you. I really should have done so long before this. I hope you rec'd my Christmas card. I've had a fairly good season here, but I sure wish I'd stayed home. Margaret told me you asked about me. I write her almost every day. I'm very glad to know most of the boys are out of the service now. We should have a pennant winner this year without fail I hope so anyway. Have we got our new bus yet? I understand we will be in Jacksonville, Fla, for spring training. When do we leave Newark? Please forgive me for asking so many questions. I'm not so good writing letters to the boss. Hoping to hear from you I remain

Yours in sports

P.S. Thank for my last receipt.)
